SUMMARY

Junior Project Architect with hands-on experience in corporate interiors, architectural planning, feasibility studies, façade design, and urban design. Proficient in AutoCAD, SketchUp, Revit, and Lumion for GFC drawings, RCPs, 3D models, and site coordination. M.Arch graduate from Germany specializing in sustainable architecture and urban planning.

TECHNICAL SKILLS

Software AutoCAD, SketchUp, Lumion, Photoshop, Revit

Architectural Drawings GFCs · RCPs · Corporate Interior Planning · Sectional & Façade Elevations · Design Development

Site & Construction Site Measurements · As-Built Verification · Drawing–Site Coordination · Construction Documentation

Documentation & Compliance Drawing Coordination · Design Revisions · Office Standards · Drawing Accuracy & Quality Control

EXPERIENCE

Junior Architect — Arrete Designers

Bengaluru · India · Dec 2025 – Present

- Contributed to corporate interior projects for GAIA, Bharat1AI, ION Exchange India Ltd., and Patil I-Labs, developing layouts, 3D models, design options, and presentation material.
- Developed multiple AutoCAD planning options and contributed to design development for the Bharat1AI corporate interior at RGA Tech Park, Bengaluru.
- Conducted site measurements and coordination, verified existing conditions, identified discrepancies, and redrafted plans based on accurate site measurements.
- Prepared GFC drawings and Reflected Ceiling Plans (RCPs) for interior project of ION Exchange Ltd. (India)
- Developed façade elevations, architectural views, and axonometric views, with extensive use of SketchUp for design development and visualization.
- Conducted feasibility studies for JLL and L&T, applying relevant Bengaluru building bye-laws to planning assessments.
- Contributed to a three-star hotel project at RGA, developing façade studies and architectural views while responding to site constraints.
- Redesigned an urban street layout at 19th Main Road, HSR Layout, Bengaluru, exploring improvements to the street's spatial organization.

Restaurant Operations Coordinator — 60 Seconds to Napoli

Düsseldorf · Germany · May 2025 – Sep 2025

- Coordinated pass & kitchen workflow during peak hours, ensuring fast and accurate delivery of orders
- Managed salad section: quality control, portion consistency, hygiene & inventory
- Worked under high pressure, improving multitasking, communication & problem solving
- Collaborated with chefs and service teams to maintain customer satisfaction
- Learned spatial & process efficiency — real, practical experience in managing movement, layout, and service flow

Architectural Intern — Mathew A.J Associates

Mumbai • India • Dec 2019 – Mar 2020

- Prepared working drawings: setting-out plan, foundation & plinth layout, floor plans, flooring details, column layouts
- Created municipal & sanction drawings: parking plan, plot area plan, coverage & FSI calculation, sections & elevations
- Supported RERA-compliant documentation & carpet area verification
- Coordinated with contractors on-site for footing work, shuttering & RCC reinforcement
- Projects handled: Mahalaxmi Shelters, Mohan Suburbia, JetBlue Associates, Blackstone Residential

EDUCATION**M.Arch – Architectural & Cultural Heritage**
